## NEWSLETTER

August 2020

### MORNING TEA

Last month, we were pleasantly surprised to receive a delicious cake from a local organization of rural women, thanking us for our service as an essential business through the COVID-19 lockdown period. Many thanks for your kind gesture ladies, from our staff at Kiwi Seed!

Sow wildflower seeds in spring to beautify your property and increase biodiversity! Wildflowers are hardy and adaptable while offering a dazzling range of colour. Blended here at Kiwi Seed, our mix contains a balance of perennial and annual species which are carefully selected to suit New Zealand's temperate coastal climate.

## Out in the garden

Spring is nearly upon us. Temperatures are slowly rising and the days are gradually getting longer. Now is as good a time as any to get your hands dirty and prepare the garden for spring planting!

- \* Clean out your green house and propagation facilities
- \* If you planted cover crops, chop up and dig them in
- \* Weed as necessary and add plenty of compost
- \* Sow seeds in trays to transplant later
- \* Start sprouting seed potatoes
- \* Protect seedlings from slugs and snails.
- \* Fertilise fruit trees, rhododendrons, camellias, azaleas, and roses
- \* Finish pruning
- \* Rake up the last of the winter leaves and start a new compost pile

## We stock a variety of fertilisers, composts, and organic matter to suit your gardening needs...

Daltons ORCHARD or LANDSCAPE Fertiliser Pellets.  
*Both fertilisers contain 7 organic nutrients including manures from sheep, chicken, and horse.*

Kiwi Seed RHODODENDRON AZALEA and CAMELLIA Fertiliser.  
*Mixed in-house, a complete feed for acid loving plants.*

BROULL (BRAN) COMPOST FEEDER.  
*Derived from wheat husk, increases worm population in compost for faster breakdown of organic matter.*

...just to name a few. We also stock sheep manure, meat and bone, fertilisers for lawns, gardens, roses, potatoes, citrus, bulbs, organic fertiliser, and much more!
