- ◇ Set your Citrus Trees up for the coming winter with Kiwi Seed Citrus Fertiliser.
- ◇ Pick your vegetables every day to encourage late growth.
- ◇ Sow seeds of winter vegetables like cabbage, cauliflower, broccoli, beetroot, winter lettuce, brussel sprouts, spinach, carrots, leeks and silver-beet.
- ◇ Soak your garden every four days, instead of short shallow watering
- ◇ Water early or late to ensure the water gets to where it needs to
- ◇ Water the roots, not the leaves for maximum plant benefit
- ◇ If the weeds have started to take over in your lawn, spray with Rainbow & Brown Grassmate to eliminate broadleaf weeds.

Rainbow & Brown Buckshot Granules

Direct spot application for the control of scattered broadleaf weeds and brush weeds in pasture.

BuckShot herbicide is applied as a dry granule: no mixing or preparation is required. So it's always ready to use.

Carry some on your farm bike or in the ute for daily weed maintenance.

Has the summer dry bought a feed pinch for your sheep and goats?

Kiwi Seed Goat Mix is the ideal supplement for your animals when feed is short. With a mix of Spelt wheat husks, grains and peas, your goats and sheep will find it very tasty.

Can also be fed to deer and cattle.

Available in 20kg bags for \$27.50

The Fight against Red Mites in the Chicken Coop continues!!!

Use Wallys Super Neem Tree Oil in a mix of 5ml per litre of water to spray inside your coop, including perches, walls, floor, ceiling, nesting boxes, etc. Let it dry before letting the chickens back in. This is a safe and natural way to help control the mite problem.

Remember to keep dusting your chickens and their bedding with DeBug or Smite Powder.

Summer allergies cause itchiness and hot spots for some dogs. Fight it from the Inside with Provida Canine Skin and Coat. For soothing of the skin try Doctor Pet Natural Skincare Balm..

Both available in store now.
